What does it mean to be an Endorsed Local Provider?

I have Dave's confidence.

Being an ELP isn't easy; I am held to a higher standard of customer service. While I do pay a marketing fee to cover program maintenance and employment costs, I have Dave's recommendation because of my experience in the industry and my drive to help others.

I provide a refreshing twist on financial planning.

Dave expects me to treat you the way he would: with the heart of a teacher—not the attitude of a salesman. I'm someone you should feel comfortable talking to and someone you can trust. Go ahead and ask around: 98% of people who have used ELPs would recommend us to a friend.

I care more about you than my commission.

My goal is to help you reach your retirement dream and make it a reality. I fit your investments to your life, help you understand what you're investing in and why, and encourage you to stick with your long-term goals.

Dave has helped millions of people get out of debt and build wealth, and he recommends me to help you with your investing needs!
